The representatives appointed to attend the Quarterly Meeting Report that they all attended according to appointment.

At our Yearly Meeting of Friends for New-England, held on Rhode-Island, Sixth Month, 1834.

The subject of the guarded, literary and religious instruction of the children and youth of the Society, having again been feelingly adverted to, claimed the solid consideration of the Meeting; and the importance of being possessed of a more intimate knowledge of the present state of Education among Friends, in the various sections of this Yearly Meeting, being generally felt, a Committee was appointed, to unite with a Committee of the Women's Meeting, in considering the subject, and to report thereon at a future sitting.
At a subsequent sitting, the Committee introduced the following minutes of advice to subordinate Meetings; which being deliberately considered, were adopted, the Women's Meeting uniting therein, and the Clerk was directed to forward a sufficient number of copies thereof to our several Quarterly Meetings, for the supply of each Monthly and Preparative Meeting, within their respective limits; and also the necessary forms for the returns proposed to be made to this Meeting.
From the Minutes of the Yearly Meeting.

ABRAHAM SHEARMAN, Jr. Clerk.

The interesting concerns of Education having renewedly claimed the weighty deliberation of the Yearly Meeting, it is the earnest desire of the body thus assembled, that Friends may endeavor, wherever it is practicable, to establish select Schools within their Preparative or Monthly Meetings, (to be taught by exemplary members of our Society,) in which the children of Friends may be exempt from the dangers arising from improper associations, and moral and religious principles, in conformity to our Christian profession, be duly inculcated; the Scriptures of the Old and New Testament be daily read; and such improved methods of instruction be adopted, as will best promote their advancement in useful learning. These Schools should be visited monthly, or oftener, by Committees of men and women Friends appointed by the Meeting, before whom the Children should be exercised in the several branches taught in the School. And in those places where it appears to be impracticable to establish Preparative or Monthly Meeting Schools, it is desired that Friends may endeavor to institute Family Schools, in which the Children of one or more Families may daily assemble for literary instruction, by some Teacher qualified to impart it. And Friends are every where desired to exercise a becoming liberality in providing Teachers and means of instruction in all their Schools.

To keep alive a concern of such vital importance to our social and religious welfare, and that the Yearly Meeting may be furnished with correct information relative thereto, Preparative Meetings are directed to transmit to their respective Monthly Meetings, a statement of the number of Children within their limits, agreeably to the subjoined Queries, and insert their answers in the several columns of the form accompanying; which returns are to be forwarded by the Monthly to the Quarterly Meetings; and a condensed statement of the facts thus collected, to be prepared by the Clerks of the Quarterly Meetings, or by a Committee appointed for that purpose, and forwarded with their next annual accounts to this Meeting.

Queries to be answered by the Preparative Meetings.

- 1st. What number of Children are there in your Meeting, of an age suitable for instruction, at School, say from four to twenty-one years of age? Distinguishing between male and female, and also distinguishing between those under the age of fourteen, and those over that age.
- 2d. What number of Children have been actually at School within the year? Distinguishing between male and female, and also between those under fourteen, and those over that age.
- 3d. What number of Schools have been kept under the care of Friends, in your Meeting, during the past year? Distinguishing between Preparative Meeting, Monthly Meeting and Family Schools.
- 4th. What has been the average duration of the Schools under the care of Friends, within the year?
- 5th. What number of Teachers have been employed in these Schools, within the year? Distinguishing between male and female Teachers.
- 6th. What number of Children are there in your Meeting who have attended District or mixed Schools? Distinguishing between male and female, and also between those under the age of fourteen, and those over that age.
- 7th. Is there care taken that the Books used in the Schools under the care of Friends, in the several departments taught in the Schools, are judiciously selected.

[O] Preparative Meetings are requested to prepare Answers to these Queries, in sufficient season for such Answers to be forwarded to the Quarterly Meetings that will be held in the fourth and fifth months, next year.]

At our Yearly Meeting of Friends for New-England, held on Rhode-Island,
Sixth Month, 1834.

The Annual Report of the Boarding School Committee was received and read, and being satisfactory to this Meeting,
copies thereof were directed to be forwarded to our several Quarterly and Monthly Meetings.

During the consideration of the Report, a deep feeling of interest for the best welfare of the Institution was spread over
the Meeting; and while the benefits that have already resulted from it, to the children and youth of the Society, were freely
acknowledged, an earnest solicitude was expressed, that the Committee, in the discharge of the important and arduous trust
confided to them by the Yearly Meeting, may be encouraged steadily to keep in view the great objects which led to the
establishment of the School, as a means for promoting the acquisition of useful learning, in connexion with the moral and
religious improvement of the Children, consistently with the principles and testimonies which we as a Society believe
ourselves called upon to maintain.

The recommendation of the Committee relative to plainness and simplicity of attire, was cordially united with; the
Committees of Monthly Meetings were encouraged to extend an increasing care in this respect; and Parents and others
having the charge of Children, were impressively exhorted to lend their assistance in promoting this desirable object.

From the Minutes of the Yearly Meeting,
ABRAHAM SHEARMAN, Jr. Clerk.

TO THE YEARLY MEETING.

THE BOARDING SCHOOL COMMITTEE REPORT, That they have endeavoured to discharge the
services confided to them by the Yearly Meeting, during the past year, in attending to the various
concerns of the Institution; which have been conducted to a good degree of satisfaction.

Meetings have been regularly continued, and harmony has been preserved. The average
number of scholars has been one hundred and sixty-eight; seventeen of whom have been pupils in
the department of the School for instruction in Languages, &c. The School is continued under the
immediate superintendance of ENOCH and LYDIA BREED, in which capacity they are assisted by
STEPHEN and HANNAH GOULD. JOHN GRISCOM is still usefully employed to superintend the
literary department of the Institution. MOSES A. CARTLAND, PLINY EARL and JONATHAN SLOCUM
are employed as Teachers in the Boys' School; and DEBORAH RAMSDALL, MARY H. GRISCOM,
CAROLINE CARTLAND, MARTHA BARKER and ANNA T. LOCKWOOD in the Girls'. JAMUEL J.
GUMMERE is continued in charge of the department for Languages, &c.

The accounts of the Treasurer and Superintendent have been examined and settled; and the
Committee propose that the terms of admission be continued the same as last year; and that the
privilege of sending one child, six months, free of expense, be continued to Monthly Meetings.
Friends are requested not to neglect the established regulation of the School, that the expense of
each quarter be paid in advance.

The Committee believe it proper again to recommend to Friends, in sending their Children to
the School, to observe, as much as may be, the periods of time proposed two years since, viz. at the
time of our Yearly Meeting, or in the first week of the second, fifth, eighth and eleventh months.

The importance of maintaining plainness of dress in the inmates of this Institution, has often
claimed the serious attention of the Committee; and we think it right at this time to revive with
Friends the necessity of having their children habited in plain attire, and that no articles of apparel,
unsuitable through want of plainness, be brought by them to the School. And that the Committees
of Monthly Meetings may be enabled to render the necessary advice and assistance, Friends are
requested to be careful to make application to them for certificates, in sufficient season to afford them
this opportunity.

In reviewing the state of the School for the past year, we feel bound gratefully to acknowledge,
that the family and scholars have been preserved in health; and that the Institution continues to
afford encouraging evidence of its usefulness to the youth of our Society.

Signed on behalf of the School Committee, at a Meeting held 2d of 5th month, 1834,
WILLIAM JENKINS, Clerk.

To a monthly meeting of friends held 220

At our Yearly Meeting of Friends for New-England, held on Rhode-Island,
from the 14th to the 19th, inclusive, of the Sixth Month, 1835.

HAVING, in this our annual assembly, been enabled to dip together in feeling, in a good measure
of that unity of spirit which is the bond of peace, our dear absent brethren have been brought affection-
ately to remembrance, with desires that they may be made partakers with us in some of the
exercises that have pervaded our minds.

In reviewing the state of Society as brought before us by the answers to the Queries, Friends were
impressively reminded of the obligation that rests upon every well concerned member of the body,
others, as well as overseers, to labour after a right qualification of mind to enable them to admonish
a brother, who may be overtaken in a fault, in the spirit of restoring love. "Go tell him his
fault between thee and him alone," is an injunction of the highest authority. And were this duty of
seasonable private admonition, thus attended to, in meekness and wisdom, we have no doubt that it
would be blessed to the reclaiming of many in the early stages of deviation; and that an increase of
strength and peace, an advancement in the pathway of holiness, would be witnessed by those who
were engaged in these labours of love, and that they would thus become blessed both to the giver
and the receiver. While on the other hand, those who indulge themselves in unnecessarily making
the faults, real or supposed of others, a subject of conversation or communication by letters, and in
spreading them abroad by these means, or who indulge an unwarrantable curiosity in listening to such
conversation or letters, cannot but sustain a deep loss themselves, in addition to the great injury that
they inflict upon the immediate objects of this detracting spirit, upon which a blessing can never rest,
nor the dew of heaven descend.

The great neglect still apparent in the attendance of our religious meetings, particularly on the
middle of the week, has been deeply affecting to our feelings, and we have greatly desired that our
members may be stirred up to a sense of this important duty. May we be impressed with the
obligation of attending all our meetings, as well on week-days as on the day which is set apart for that
service by the common consent of the Christian world. If we are in the habitual neglect of mid-week
meetings, although we may punctually assemble with our friends on first-days, when the law of the
land forbids our attention to our secular concerns, does not our conduct plainly evince that we prefer
our worldly interests to those things which affect our eternal welfare. As we neglect our duty in this
particular, we shall invariably witness a consequent disrelish in relation to other religious duties, until
we become as decayed and withered branches, which, not abiding in the true Vine, become barren
and unfruitful. Let us, then, not forsake the assembling of ourselves together, but may we be con-
cerned, reverently to present our bodies, a living sacrifice, holy and acceptable unto God, which is but
our reasonable service. And as we are concerned, on these solemn occasions, to wait upon Him from
whom alone all our spiritual strength is derived, we shall be preserved from being overcome with
drowsiness, a weakness which, in some instances, has been fallen into, to the reproach of the high
profession which we are making, in relation to the spirituality of divine worship.

It is truly painful to observe that, at the present time, when the public mind is becoming more and
more awakened to the alarming evil of intemperance, and whilst others are engaged in persevering
efforts for its removal, any who profess with us should be so unmindful of our well known testimony
as regards this subject, and of the moral influence which a strict adherence thereto on the part of in-
dividual members would enable our society to exert in the world, as to indulge themselves in the use of
spirituous liquors, except for medicinal purposes. May there be an increasing care faithfully to
maintain this branch of our Christian testimonies, and we believe as this comes to be the case, we
shall find that the necessity of resorting to the use of this pernicious article, even as a medicine, will
be of extremely rare occurrence.

The violation of our testimony in relation to War, instances of which are acknowledged in the
reports of several of our subordinate meetings, has been a subject of deep concern at this time. When
we consider the leniency which has long been manifested towards our society, by the several state
governments within the limits of this Yearly Meeting, we are led to the conclusion that the observance
of military requisitions by any of our members must have been *voluntary*. An ignorance of the prin-
ciples on which our objections to this anti-christian practice are founded, or a want of serious consid-
eration thereof, is clearly evinced; and desires have been expressed in this meeting, that there may
be a renewed attention to the circulation and perusal, among the younger part of our society, of such
treatises as exhibit, in a striking manner, the unlawfulness of war, and its utter incompatibility with
the principles of the gospel of peace. We are impressed with the belief, that as we are faithful in
the discharge of our religious duties, our society may be made eminently instrumental, under the

handed in by the women for our concerns

divine blessing, in hastening the coming of that day, when "nation shall not lift up sword against nation, neither shall they learn war any more."

And we earnestly desire that Friends may be impressed with the importance of maintaining a vigilant supervision over the dear youth under their care, early endeavoring to guard them against every thing which may give a wrong direction to their susceptible minds, carefully restraining them from attending military parades as spectators, and guarding them from the pernicious influence of those books wherein military fame is held up to view as a worthy object of pursuit.

The continued and aggravated wrongs of the oppressed and degraded coloured people in our country, has been a subject to which our minds have been turned, with renewed concern that we might feel the weight and importance of our testimony on this subject. We desire that Friends may become duly sensible that we have ever acted in relation to it, from religious considerations, and in accordance with the principles of the gospel of Christ. May Friends so continue to dwell under the influence of divine wisdom, and so attend to the pointings of Truth, that we may be preserved in such a consistent walking, as will best promote this great cause of Christian benevolence; and be careful that in all our movements we may act together in unity and love.

Signed on behalf and by direction of the Meeting aforesaid,
ABRAHAM SHEARMAN, Jun. Clerk.

We have Received a Printed Report 1. ...

At our Yearly Meeting of Friends for New-England, held on Rhode-Island, from the 14th to the 19th inclusive, of the Sixth month, 1835.

The following Report of the Boarding School Committee was received and read, and being satisfactory to the Meeting, copies thereof were directed to be forwarded to our several Quarterly and Monthly Meetings. From the Minutes of said Meeting, A. SHEARMAN, JUN. Clerk.

TO THE YEARLY MEETING.

THE Boarding School Committee report, That they have endeavoured for the past year to discharge the duties committed to them in attending to the various concerns of the Institution, which have been conducted to a good degree of satisfaction. In doing this they have not been unmindful of the objects Friends have had in view in the establishment of the School, and of the wishes of its benevolent donors.

Meetings have been regularly kept up, and harmony has been preserved. The average number of scholars has been one hundred and forty-three, eleven of whom have been pupils in the department for languages, &c.

Our friends SETH and MARY DAVIS, of Dartmouth, have been engaged as Superintendents of the School, to supply the place of our friends ENOCH and LYDIA BREED, who have acceptably served us in that capacity for the past eleven years, and now wish to be released. Our friend JOHN GRISCOM has continued his services in the Institution during the past year, but his engagement will terminate the first of seventh month next. ISAAC HATHAWAY is employed as a book-keeper, and care-taker of the Boys, out of school hours; and CHRISTINA GALE has charge of the sewing-school, and is care-taker of the Girls, out of school hours.

PLINY EARLE, JONATHAN SLOCUM, GEORGE W. READ and LOUIS COOK, are engaged as Teachers in the Boys' school, and MARY-ANN BARKER, MARTHA BARKER and EVELINE ALDRICH in the Girls'. SAMUEL J. GUMMERE having left the Institution, the instruction in the Languages will be continued under the care of GEORGE W. READ; and it is proposed for the future, instead of the terms heretofore established, that five dollars per quarter be charged for the study of the Languages, in addition to the ordinary price for scholars in the other branches of study.

The accounts of the Treasurer and Superintendent have been examined and settled, from which it appears, that the receipts of the School from the funds and the amount paid for scholars, have about met the expenses; and the Committee consequently propose, that the terms for board, tuition, &c. be continued the same as last year; and that the privilege of sending one child six months, free of expense, be continued to each Monthly Meeting. Friends are requested not to neglect the established regulation of the School, that the expense of each quarter be paid in advance, inasmuch as inconvenience and loss have resulted from the neglect of this rule.

The Committee deem it proper again to recommend to Friends, that in sending their children to the School, the period of time proposed three years ago may be observed, as far as practicable, viz. at the time of our Yearly Meeting, and in the first weeks of the 2d, 5th, 8th and 11th months.

In reviewing the past year, in relation to this Institution, we feel that we have cause gratefully to acknowledge the preservation extended to us, under which the School has continued to be conducted, we trust, to the benefit of many of the youth of our Society.

By direction and on behalf of the Committee, ARNOLD CONGDON, Clerk.

YEARLY MEETING BOARDING SCHOOL, 5th mo. 9, 1835.

At the Yearly Meeting aforesaid,

The Committee on the subject of Education produced the following Report, viz. "The Committee on Education have taken into consideration the important subject referred to them. The religious and guarded education of our children and youth appears to be increasingly claiming the serious concern of Friends, and it is much desired that the provisions of our Discipline upon the subject of Education may be revived in Friends' minds, and put in practice wherever it may be practicable.

The institution of Family Schools is considered by the Committee a very interesting subject; and we desire that Friends may be encouraged to keep alive a concern for their establishment, as way may open for it.

We propose the following Queries for the consideration of the Yearly Meeting, to be sent down to our subordinate Meetings:

- 1. How many Schools are there within your limits, under the care of Friends, (distinguishing between Monthly Meeting, Preparative Meeting and Family Schools)—and what has been the average duration of these Schools during the year?
2. How many children of Friends have attended Friends' Schools within the year?

Monthly Meetings are desired to answer these Queries in season for the Spring Quarterly Meetings, and the Quarterly Meetings are desired to transmit their answers to our next Yearly Meeting."

—Which being read and considered, was satisfactory to the Meeting, and the Clerk was directed to forward copies of the same to our several subordinate Meetings; who were requested to give the necessary attention to preparing and transmitting answers to the two Queries, as proposed.

to the meeting with answers to the usual three phans

At a meeting of the Committee of the New England Yearly Meeting Boarding School, held 8th mo. 7th, 1835—

The subject of an increased observance in this Institution of plainness of speech, behavior and apparel having, from time to time, claimed the serious attention of this Committee, and a lively concern on this account having been manifested at our last Yearly Meeting, we have believed it right for us at this time to revive the subject to our friends, and to point out, more explicitly than we have heretofore done, what we consider a proper dress for the children of this School.

While we feel that we are not called upon to enter extensively into a vindication of the propriety of maintaining our testimonies in the particulars alluded to, we would affectionately remind our younger friends, that they are in accordance, as we believe, with the beautiful system of Christian simplicity taught by our blessed Lord and his apostles. And we may appeal to the experience of our Society to prove, that they have been as a hedge round about us, which it has ever been perilous to break down: and when, in individual instances, this has been done, that weakness and loss have been the consequence.

We should ever remember the apostolic exhortation, "Let your moderation be known unto all men." And "let not your adorning be that outward adorning of plaiting the hair, and of wearing of gold and of putting on of apparel, but let it be the hidden man of the heart, in that which is not corruptible, even the ornament of a meek and quiet spirit, which is, in the sight of God, of great price."

Were our minds, dear friends, duly impressed with a sense of the matchless love of our adorable Redeemer and Preserver—were our hopes and dependence placed on Him—how should we be raised above the undue attachment to the things of time and sense and a conformity to the vain fashions and customs of the world. And in accordance with the recommendations of our Discipline, we earnestly desire that parents and guardians would impress upon the minds of their children, the necessity of maintaining plainness of speech and behaviour, which is strictly required in the School; and it will be expected of every male admitted into this Institution, that his body-coat, jacket and vest, be single-breasted, and without lappels or falling collars, and where any of these are figured, that they be of patterns consistent with the plainness required in other parts of the dress—and that they wear hats, caps being excluded.

In the dress of females, we expect a correspondent degree of plainness, and that they avoid the extravagance of the fashions of the present day. They will be required to wear silk, or plain straw bonnets, without any trimmings for ornament. Their frocks or gowns should be of materials that are plain in color, and conformable in the size of the sleeves, and in other respects to convenience and propriety, and not according to the vain fashions of the world. Their handkerchiefs and collars should be without edgings or trimmings—and no article intended for ornament merely, will be permitted to be worn.

In order to carry into effect these regulations, the Superintendents are to examine the trunks and packages of the children previous to admission, and if any articles are found unsuitable on account of plainness, or for any other cause, they will be laid aside, or altered, and the expense charged to the parents or guardians.

No scholar will be admitted into the School after the present quarter, or permitted to remain here, who does not comply strictly with these regulations. And Committees of Monthly Meetings are desired to be careful not to give certificates to any children who will not conform thereto.—On behalf and by direction of the Committee,
ARNOLD CONGDON, Clerk.

The Committee appointed to prepare a Digest of the returns received from the several Quarterly Meetings, on the subject of Education, presented the following summary view of the information received. Copies of which the Clerk was directed to transmit to our subordinate Meetings.

From the Minutes of said Meeting, A. SHEARMAN, Jr. Clerk.

[N. B. The returns received at the time of the Yearly Meeting, embraced all the Monthly Meetings, except one; an account of which has since been forwarded to the Clerk, and by him incorporated into the summary view here presented, making the returns complete from the whole Yearly Meeting.]

Rows include Rhode Island, Sandwich, Falmouth, Smithfield, Vassalborough, Dover.

In answer to Query 7, it is stated in the return from Salem Quarter, that care has been taken in the selection of Books for the Schools under the care of Friends; although it is found difficult to procure books in some of the branches that are consistent, in every respect, with our views.

Falmouth Quarterly Meeting informs, that eight Teachers of mixed Schools, viz. three males and five females, are members of our Society. A note attached to the return from Smithfield Quarter informs, that twelve Members of Society, viz. two males and ten females, have been employed in district schools within the past year, and that, at these schools, many of the children attended, which have been included in their return as having attended district or mixed schools.

*The other Quarterly Meetings have not given any information of this kind; but it is known that in some of them, and it is probable that in all, there are Teachers of district or mixed schools, who are members of our society.—Clerk.

YEARLY MEETING OF FRIENDS FOR NEW-ENGLAND,

HELD ON RHODE-ISLAND, SIXTH MONTH, 1836.

This Meeting having become painfully aware, that there are in circulation among our members, various publications, purporting to be treatises upon, and expositions of the principles of our religious society, in various points of doctrine; but which are unauthorised by the society, and which give unsound and unjust views of our Christian principles, and are calculated to lead the minds of the unwary away from the faith once delivered to the saints, and from a settlement in the blessed truths of the Gospel always most surely believed and professed by us as a people, have felt themselves bound again to declare their unshaken faith in the truths thus sought to be laid waste.

We have always believed, we have been unwavering in our acknowledgment and profession of the truths declared in the Holy Scriptures, respecting the coming of our Lord Jesus Christ in the flesh, that "He was conceived of the Holy Ghost, born of the Virgin Mary, lived and suffered in the world, went about doing good, enforced by his precepts and doctrines, the future rewards of the righteous and the punishment of the wicked, and by miracles, healing all manner of diseases and sickness among the people, he shewed forth his power, his goodness and his wonderful works among the children

of men, and finally made an offering of himself on "the cross, as a propitiation for our sins, and not for "ours only, but for the sins of the whole world."— And we are prepared to confess, that no other foundation can any man lay than that is laid, which is Jesus Christ; or in the words of George Fox to the governor of Barbadoes, "This Jesus, who was the "foundation of the apostles and prophets, is our "foundation; and we believe there is no other found- "dation to be laid, but that which is laid, even "Christ Jesus; who tasted death for every man, "shed his blood for all men, and is the propitiation "for our sins." We have also been constant in the profession of our belief of the authenticity and divine authority of the Holy Scriptures of the Old and New Testaments, and in accordance with the testimony of Robert Barclay, do freely confess, "that "whatsoever doctrine is contrary unto their testi- "mony may therefore be justly rejected as false."— And further, in the words of the same writer, "We "do firmly believe that there is no other gospel or "doctrine to be preached, but that which was de- "livered to the apostles, and do freely subscribe to "that saying, Let him that preacheth any other "gospel than that which hath been already preached "by the apostles, and according to the scriptures, "be accursed."

But while we have thus held and constantly professed, we have also been steadfast in our belief, according to the Scriptures, that this blessed Saviour appears in our hearts by his Spirit, according to his own testimony before he ascended to the glory

which he had with the Father before the world was: "I will not leave you comfortless, I will come unto you." John xiv. 18.—And to the testimony of the apostle: "For God, who commanded the light to "shine out of darkness, hath shined in our hearts, to "give the light of the knowledge of the glory of God "in the face of Jesus Christ." 2 Cor. iv. 6. And we have ever been concerned to direct all to the light of Christ in the secret of the soul, as that principle of Divine Life by which alone regeneration and sanctification are to be witnessed; by which alone our dark hearts can be illuminated, and we be made truly alive unto God. That while we have redemp- tion through his blood, even the forgiveness of our sins, and that those who were afar off are made nigh by the blood of Christ, we also firmly believe, that it is only through living faith in him that we can come to experience the blessed effects of what he has wrought out for us; and this faith is not of ourselves, it is the gift of God.

We are concerned anewly to bear our testimony to the spirituality of the Christian religion, that as the heart is deceitful above all things and desperately wicked, in our fallen and unregenerate estate, so it is in the heart that the work of grace must be experienced; and that in order thereto, we must submit to the cleansing operations of his Spirit there, become subject to his righteous government, and conformed to his holy will. Then indeed is he made unto us, "Wisdom and righteousness, and sanctifica- tion and redemption." 1 Cor. i. 30. It is only as we thus dwell under the influence of the Holy Spirit in

TO THE YEARLY MEETING.

The Boarding School Committee report, That they have endeavoured, during the past year, to discharge the duties confided to them by the Yearly Meeting, in superintending the various concerns of the Institution.

Since our last report, SETH and MARY DAVIS have, by their request, been released from their engagement as Superintendents, and Enoch and LYDIA BREED have again come in temporarily, to supply their places. MOSES B. LOCKWOOD, JONATHAN SLOCUM, LOUIS TARBET, and VALENTINE MEADER, are employed as Teachers in the Boys' School, and MARY ANN BAKER, EMBELINE ALDRICH, and ELIZABETH H. OSBORNE, in the Girls'. GEORGE W. READ is employed as Instructor in the Languages. ISAAC C. HATHAWAY continues to exercise a care over the Boys out of school hours, and to act as book-keeper.

The Treasurer's and Superintendent's accounts have been settled, and it appears that on account of some improvement in the buildings and for other purposes, some expenses have accrued beyond the usual expenditures, and that the receipts for board and tuition, from the income of the funds, and from other sources, have fallen short of meeting the expenses, about one thousand dollars; notwithstanding which, we think proper to propose, that the price for the admission of scholars, and the privilege to Monthly Meetings, be continued the same as last year.

In the 8th month last, the accompanying Circular on the subject of Plainness was forwarded to the several Monthly Meetings, and there appears at the present time to be a cheerful conformity on the part of the inmates of the Institution, to the requisitions therein contained.

The average number of Scholars during the past year, has been one hundred and twenty-seven.—Meetings have been regularly kept up, and harmony prevails.

In addition to the attention usually given to the School, the Committee deem it proper to inform the Yearly Meeting, that in the tenth and fourth months a special Committee visited the Schools, and spent several days in investigating the improvement of the Scholars and the condition of the Institution. By the reports of these Committees we are informed, that the state of the Schools, with respect to literary improvement, was very satisfactory, the exercises of the scholars evincing an industrious attention to their various studies. They also inform us, that the Schools are under good government, the children appearing readily to conform to the rules of the Institution.

On behalf of the Committee,
ARNOLD CONGDON, Clerk.

At a meeting of the Committee of the New-England Yearly Meeting Boarding School, held 8th month 7th, 1835—

The subject of an increased observance in this Institution of plainness of speech, behaviour and apparel, having, from time to time, claimed the serious attention of this Committee, and a lively concern on this account having been manifested at our last Yearly Meeting, we have believed it right for us at this time to revive the subject to our friends, and to point out, more explicitly than we have heretofore done, what we consider a proper dress for the children of this School.

While we feel that we are not called upon to enter extensively into a vindication of the propriety of maintaining our testimonies in the particulars alluded to, we would affectionately remind our younger friends, that they are in accordance, as we believe, with the beautiful system of Christian simplicity taught by our blessed Lord and his apostles. And we may appeal to the experience of our Society to prove, that they have been as a hedge round about us, which it has ever been perilous to break down: and when, in individual instances, this has been done, that weakness and loss have been the consequence.

We should ever remember the apostolic exhortation, "Let your moderation be known unto all men." And "let not your adorning be that outward adorning of plaiting the hair, and of wearing of gold and of putting on of apparel, but let it be the hidden man of the heart, in that which is not corruptible, even the ornament of a meek and quiet spirit, which is, in the sight of God, of great price."

We are, dear friends, duly impressed with a sense of the matchless love of our adorable Redeemer and Preserver—were our hopes and dependence placed on Him—how should we be raised above the undue attachment to the things of time and sense and a conformity to the vain fashions and customs of the world. And in accordance with the recommendations of our Discipline, we earnestly desire that parents and guardians would impress upon the minds of their children, the necessity of maintaining plainness of speech and behaviour, which is strictly required in the School. And it will be expected of every male admitted into this Institution, that his body-coat, jacket and vest, be single-breasted, and without lappels or falling collars, and that where any of these are figured, that they be of patterns consistent with the plainness required in other parts of the dress—and that they wear hats, caps being excluded.

In the dress of females we expect a correspondent degree of plainness, and that they avoid the extravagance of the fashions of the present day. They will be required to wear silk, or plain straw bonnets, without any trimmings for ornament. Their frocks or gowns should be of materials that are plain in color, and conformable in the size of the sleeves, and in other respects to convenience and propriety, and not according to the vain fashions of the world. Their handkerchiefs and collars should be without edgings or trimmings—and no article intended for ornament merely, will be permitted to be worn.

In order to carry into effect these regulations, the Superintendents are to examine the trunks and packages of the children previous to admission, and if any articles are found unsuitable on account of plainness, or for any other cause, they will be laid aside, or altered, and the expense charged to the parents or guardians.

No Scholar will be admitted into the School after the present quarter, or permitted to remain here, who does not comply strictly with these regulations. And Committees of Monthly Meetings are desired to be careful not to give certificates to any children who will not conform thereto.

On behalf and by direction of the Committee,
ARNOLD CONGDON, Clerk.

Yearly Meeting of Friends for New-England, Sixth Month, 1836.

The Committee to whom was referred the answers to the Queries in regard to Schools, and the subject of Education generally, produced the following Report, which was acceptable to the Meeting. And a concern being felt by Friends, that the interesting subject of the guarded education of our beloved children and youth, may continue to rest impressively upon the minds of all our members, and produce such efforts to accomplish the object in view as circumstances will admit, the Clerk was directed to forward copies of the Report to our subordinate Meetings, and they were requested to pay the necessary attention to preparing Answers, giving as much in detail as they are able, the information required; and transmit such answers and information, through the usual channels of communication, to this Meeting next year.

From the Minutes of said Meeting,

A. SHEARMAN, JUN. Clerk.

TO THE YEARLY MEETING.

The Committee to whom was referred the subject of Education report, That they have taken it into consideration, and formed a digest of the information received from the several Quarterly Meetings. They regret that this information is not more complete in its details, to enable the Yearly Meeting to have a more definite knowledge of the number of children that have attended select or family schools the past year. The accounts, however, afford evidence that increased attention has been given to the subject, while they believe that much yet remains to be accomplished, within the power of Friends. The Committee are desirous that all our members should be encouraged to persevere in this important and very interesting concern. Were a more lively interest awakened, and renewed efforts made in reference to it, the results would doubtless prove extensively beneficial, and afford a source of satisfaction to those engaged to promote the guarded education of their children. By the accounts received, there appear to have been, in the course of the year,

22 Family,

2 Preparative Meeting,

and 3 Monthly Meeting Schools,

one or two of which have continued the greater part of the year, while the remainder have generally continued a few months only. The number of scholars that have attended them is reported to be about four hundred; making an increase since last year of nearly two hundred. Although we find by the reports, that the number of Friends' children within the limits of this Yearly Meeting, between the ages of four and twenty-one, is upwards of three thousand, yet about one seventh only, enjoy the advantages of schools under the care of members of our society. From this view of the subject, the importance of further exertion will urge itself, with peculiar force, upon the minds of Friends.

The Committee are well aware, from the scattered location of Friends in some parts of the Yearly Meeting, that many difficulties are to be encountered in carrying their wishes into practical effect. In concluding this report, however, we can but express an earnest desire, that the younger members of the society who expect to engage in the business of teaching, would participate in the concern which attends the minds of their elder brethren and sisters; and if they sometimes make a trifling sacrifice on their own part, to enable parents to avail themselves more extensively of their services, the consciousness of having been instrumental in doing good, will no doubt, be a sufficient reward. We do, therefore, earnestly hope, that a deep and abiding interest in the welfare of their own society, with the desire of becoming its useful instruments, will induce them to adopt a disinterested course, in accordance with Christian duty.

We would propose to the Yearly Meeting, that the Queries adopted last year, be again sent down to the subordinate Meetings, with a note appended, requesting them to be particular in making full and definite reports of all the Children that attend schools under the care of Friends, and in giving such other information in relation to this subject, as may be interesting and useful to the Yearly Meeting.

On behalf of the Committee,

MOSES A. CARTLAND.

NEWPORT, 6 mo. 17, 1836.

The Queries above referred to, are,

1. How many Schools are there within your limits, under the care of Friends, (distinguishing between Monthly Meeting, Preparative Meeting, and Family Schools)—and what has been the average duration of these Schools during the year?

2. How many children of Friends have attended Friends' Schools within the year?

[Monthly Meetings are requested to answer these Queries in season for the spring Quarterly Meetings, and to add any further information on the subject of Schools that it may seem desirable for the Yearly Meeting to become possessed of, in conformity with the above Report. And Quarterly Meetings are desired to transmit these answers to our next Yearly Meeting.]

AN ADDRESS.

At a Meeting of the Representatives of the Soci-
ety of Friends in New-England, held on Rhode-Island
in the sixth month, 1836.—An affecting account of
the evils attendant upon the introduction of ardent
spirits, and fire arms and other munitions of war,
among the natives of some of the Islands of the
Pacific Ocean, was communicated to the Meeting
through its foreign correspondence—and being aware
that many vessels sailing from the various ports
of New-England, were in the habit in the course of
their voyages of touching at these Islands for the
purpose of trade or refreshment, the Meeting is
anxiously desirous of discouraging, as much as in it
lies, the practice of carrying these articles for the
purpose of introducing them among those people.
In pursuance of this desire, we feel constrained, in
Christian love, earnestly to exhort all such as are in
membership with us, who, in the course of their busi-
ness, are concerned in ships touching at these Islands,
to be exceedingly watchful in guarding every possi-
ble avenue by which such ships, or their officers or
crews, may become the means of carrying these
destroying articles among these people. We feel

that it cannot be necessary on the present occasion, in calling the attention of the members of the Society of Friends to this important subject, to do more than to remind them of the uniform concern of the Society to discourage the use of ardent spirits, and of their ancient and steady testimony against the lawfulness of all wars and fightings, and consequently against suffering any in their employ to trade in these articles.

We feel that we live in a land in which the principles and precepts of the religion of Jesus Christ are very generally acknowledged to be of binding validity, and that therefore we may, as professors of a common faith, extend our address beyond the pale of our own Society, and, in the Christian feeling which wishes the welfare of the human family, remind all who shall read this address of that beautiful precept of the Lord Jesus Christ—"all things whatsoever ye would that men should do unto you, do ye even so to them; for this is the law and the prophets." It appears to us that no one can for a moment doubt, that dreadful effects must inevitably follow the introduction of intoxicating drinks, among a people, unfurnished as the natives of the South Sea Islands are, with those powerful motives which measurably stay their fearful progress in a land, which, like ours, has been long blessed with the possession of the Holy Scriptures, which emphatically teach temperance in all things. Few, if any of the inhabitants of our own favored country, can have failed to have witnessed the ravages of intemperance among

ourselves. Few, if any, can have failed to have seen the victims of this vice, become the degraded objects of commiseration, lost to all usefulness to their fellow men, and fit only to excite the pity of those around them. And if such be the effects of intemperance here, surrounded as we are with such powerful motives to avoid it, and with such untiring exertions constantly in operation to stay the destroyer, how fearfully desolating must be its effects among a people who lack, in a great measure, these aids to virtuous restraint;—and to whose minds much that would be powerful here, must be addressed in vain.

We are authorized by the information we have received, to state, that in some of these Islands, there is a fearful destruction of human life, hastened by the use of ardent spirits; whole families in some cases both old and young being swept away. Surely something should be done to stop this desolating scourge of the human race. It is the suffering cause of an afflicted, injured people, and calls loudly for the attention of all who wish well to their fellow men. Can any who share the feelings of good will to man, be instrumental in producing madness among these natives, by furnishing the means of intoxication, and then supply them with weapons of destruction to complete their misery? Does it need more than a simple statement of the evils produced, to cause every one to pause, ere he incurs the awful responsibility of contributing to evils like these? The Bible declares that "verily there is a reward for the righteous, verily
